

Clue #5

Make 20 (72) 3 1/2" unfinished half square triangle blocks

Use a neutral and a colored scrap for each half square triangle block.

Use your favorite method to make the 3 1/2" unfinished (3" finished) half square triangle blocks.

If you are making 2 at a time, you will need 3 7/8" squares. I used 4" and trimmed them down.

At this point we will have everything we need to assemble one of our blocks. We will make 5 (18) nine patch blocks following the example below. This block is known as the Illinois Block.
